

HOW TO ADD YOUR OWN HANDWRITING

FIRST STEP

X

In an A4 size paper or a no line paper write down all the characters with pen or pencil following the format given in (figure 1)

SECOND STEP

X

**Make a google drive folder named: the project name and your roll number for an example:
text2hw-021bim012**

THIRD STEP

X

Scan or Take a photo of the paper in which you just wrote down the format from figure 1 and add it to the folder you just made in google drive!

FOURTH STEP

X

**Make a payment via E-sewa in:
E-SEWA ID: 9845257756.
TOTAL AMOUNT: ₹ 100 only.
REMARKS: text2hw+(roll_no.)
(cash is accepted too!)**

FIFTH STEP

X

Take a screenshot of the payment you just made via E-sewa and Add the screenshot to the google drive folder you had made in 2nd step!

SIXTH STEP

X

Share the folder you made in 2nd step to "021bim012@sxc.edu.np" by notifying the receiver and it's a waiting game hence forward.

Waiting period: (1-5 days)

figure 1

**Small Letters:**

```
[{"the quick brown fox jumps over the lazy dog."}];  
[{"the quick brown fox jumps over the lazy dog!"}];  
[{"the quick brown fox jumps over the lazy dog?"}];
```

Big letters:

```
: 'THE QUICK BROWN FOX JUMPS OVER THE LAZY DOG.'  
: 'THE QUICK BROWN FOX JUMPS OVER THE LAZY DOG!'  
: 'THE QUICK BROWN FOX JUMPS OVER THE LAZY DOG?'
```

Basic numbers:

```
int numbers = 9845267301;  
System.out.print("numbers: " + numbers); //prints 9845267301
```

Basic mathematics:

```
String signs = "+-/*%";  
System.out.print("signs: " + signs); //prints +-/*%*
```

Summary:

1. Write down in an A4 paper the format from figure 1 with pen or pencil.
2. Make a google drive folder named: text2hw-(your_roll_no), example: text2hw-021bim012.
3. Scan or take a photo of the A4 paper and add it to the folder.
4. Send Rs. 100 to 9845257756 via E-sewa and add the screenshot of the payment to the folder too.
5. Share the folder to "021bim012@sxc.edu.np" by ticking an option to notify the receiver.

EXAMPLE OF THE FORMAT TO SEND:

Small letters:

```
[&(" the quick brown fox jumps over the lazy dog.")4];  
[&(" the quick brown fox jumps over the lazy dog!")4];  
[&(" the quick brown fox jumps over the lazy dog?")4];
```

Big letters:

```
: 'THE QUICK BROWN FOX JUMPS OVER THE LAZY DOG.'  
: 'THE QUICK BROWN FOX JUMPS OVER THE LAZY DOG!'  
: 'THE QUICK BROWN FOX JUMPS OVER THE LAZY DOG?'
```

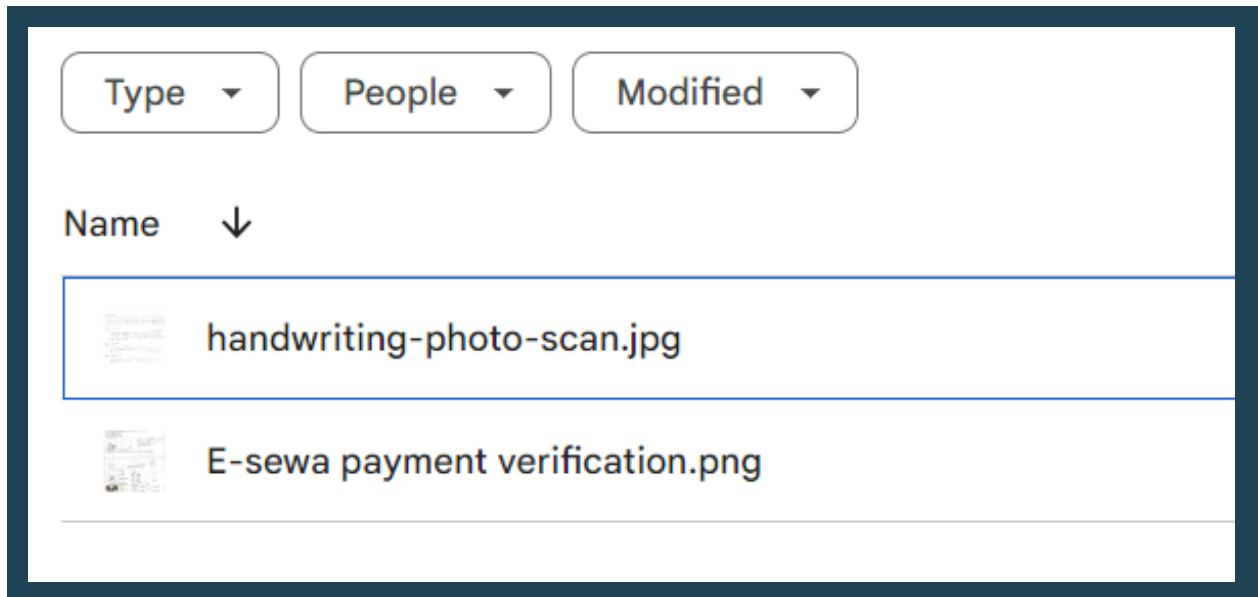

Basic numbers:

```
int numbers = 9845267301;  
System.out.print(" numbers: " + numbers); // prints  
9845267301
```

Basic Mathematics:

```
String signs = "+ - % / =";  
System.out.print("signs: " + signs); // prints + - % / =
```
